

**Product information: VETROSMART**  
**Solution for glass (outdoor and indoor static glass) with high repellency to water and other substances**  
**Shower screens, Windows, mirrors or other glass surfaces**

**DESCRIPTION**

- Product with **high repellency to water and other substances**: It creates a protective film which repels liquids facilitating their removal and evacuation from the treated glass.
- Avoids lime and dirt accumulation facilitating its removal by the drag action of water.
- It is a **glass surface treatment that protects and minimizes dirt and lime deposits**.

**BENEFITS**

- **Easy cleaning**: It reduces markedly the cleaning times.
- It keeps **glass surfaces clean for a longer time**, maintaining the original appearance.
- Product of **simple application**, without need for special security measures. It presents excellent features and a high performance.
- **Ultrafast drying** after the treatment, avoiding cumbersome spots on further handling.
- After application, the coating results **totally transparent**, not modifying at all the aesthetic conditions of the glass.
- **High chemical and abrasion resistance**. It resists to common cleaning products.
- **High durability**.

**COMPOSITION**

- Active agents in a concentration lower than 5% in alcohol base.

**APPLICATIONS**

- Specially designed to be applied on both indoor and outdoor glass surface: **windows, shower screens, mirrors, etc.**

**PHYSICO-CHEMICAL PROPERTIES**

- |                      |           |
|----------------------|-----------|
| • Color              | Colorless |
| • Active ingredients | <5% wt.   |
| • Solvent            | Alcohol   |
| • Density            | 0,79 g/ml |

## HOW TO USE

**APPLICATION:** before each use, shake container vigorously and proceed as follows:

- **The surface of the glass to be treated must be clean and completely dry.** Totally remove any possible lime stains, dirt or traces of detergents from the glass.
- **Apply the product** by any of the following ways:
  - a) **Manual spray.** Apply the product over the surface and spread it helping yourself with a **paper, microfiber cloth or similar to distribute the product evenly throughout the area**, ensuring that the entire surface is treated. Avoid the use of cloths that leave fabric traces while used.

Immediately after, **polish the surface with a dry cloth** until removing completely any visible trace of product, ensuring that the glass is totally transparent.
  - b) **HVLP gun.** Apply the product over the surface homogeneously or in a one layer using a higher amount of product or in two thinner layers. To absolutely verify the correct application of the product, it must be checked the emergence of a whitish “mottled veil” in the treated surface. In case of not exist this veil, it can mean that it has not been applied enough product. Then, remove the whitish veil until totally transparent using a dry cloth.

In both cases, carry out the application in working areas with an appropriate size to avoid an excessive drying of the product which difficult its removal.

- The glass will present **an hydrophobic effect immediately after the application**, reaching its optimum effect after 24 hours.
- Protection for 3 years, or up to 10 years for professional application in new glass.
- Aproximate average **performance:** 50-60 m<sup>2</sup>/l.

## HANDLING PRECAUTIONS

The product safety information necessary for its safe use is not included in this document. Before using this product, read the material safety data sheets and the container labels for safe use and for information on physical and health hazards. The material safety data sheets are available and are supplied by TECNAN S.L.

## LIFE AND STORAGE

When stored in the original sealed containers at temperatures between 5°C and 30°C, the product has a shelf life of 12 months from the date of manufacture. Avoid exposure to direct sunlight and keep away from heat and open flames and avoid freezing. It is recommended an adequate agitation before use.

## LIMITATIONS

This product is not suitable for medical or pharmaceutical uses.

### Limited warranty information. - Please read carefully
